

2021 Annual Report

COMMUNITY INTERFAITH FOOD PANTRY

Serving Belleville,
Swansea, and Scott
AFB, Illinois

President's Reflections

2021 was Community Interfaith Food Pantry's 14th year of operation. We continue to be 100% volunteer led and governed, which allows us to use 98% of our funding for program services. We added another faith community to our Governing Board, which now numbers 11 faith communities. It is impressive to see what can be accomplished when faith communities pool their resources and work together towards a common goal.

However, it was a year of challenges, with the continuation of COVID protocols and decreasing numbers of clients. We adjusted our processes to keep our volunteers and clients safe. Generous support from public and private sectors helped us continue our mission of providing supplemental food assistance to those in need. This was especially critical during the period when we were unable to buy food in bulk.

We thank all our volunteers and donors for their support. We would not be able to accomplish our mission of providing supplemental food assistance without you!
